Dear Liz

just a short note to let you know Jack & I are both keeping well. The life here is easy enough but very monotonous. We got some letters from home last week which were written on the 3rd Dec & as the previous ones we got were written early in November there must be a few more somewhere or else you missed writing a couple of weeks. I have no idea how long we will be here & I will not be sorry when we get back to plenty of water as we are as

lousy as bandicoots & every time
the men have a few minutes to
themselves you will see them
all sitting down with their shirts
off picking the lice off them.
We have not received any
chronicles lately but I suppose
they have gone to the 10th of 9th
& some of the men there have
got them. We get no news here
at all concerning the war so
we do not know how things
are going. Well Liz I have
no more news & I ask the same
things nearly every time I write
so you will know what news
we look for in any letter from

home. Tell the others to write
 as we have really no news to
 write to all & I will send a P. 6 to
 Dad Dick & Walter occasionally as
 I told them I would. I only
 write because I know you
 will be looking for a letter
 from us & will be satisfied
 if it is only a note or a P. 6
 to say we are well. Well
 this is all this time give my
 kind regards to all friends &
 love to all at home from
 your loving brother
 Will

P.S. Tell mum if there has not
 been much rain to make grass

not to go to too much trouble
feeding Meddler but to sell him
if you can get any sort of a
price for him. &c. &c.
